

Oil Pipeline Filing**Plantation Pipe Line Company**

August 14, 2006

Ms. Magalie R. Salas,
Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Secretary Salas:

In accordance with the requirements of the Interstate Commerce Act (ICA) and the Rules and Regulations of the Federal Energy Regulatory Commission (F.E.R.C.), Plantation Pipe Line Company (Plantation) submits for filing four copies of the following tariffs:

- F.E.R.C. No. 118, effective September 15, 2006, Rules and Regulations (Cancels F.E.R.C. No. 112)
- F.E.R.C. No. 119, effective September 15, 2006, Local, Proportional and Volume Incentive Tariff (Cancels F.E.R.C. No. 116)
- F.E.R.C. No. 120, effective September 15, 2006, Joint Tariff with Marathon Pipe Line LLC (Cancels F.E.R.C. No. 117)
- F.E.R.C. No. 121, issued August 15, 2006, Index of Tariffs (Cancels F.E.R.C. No. 115)

The base rates in the above submitted tariffs are unchanged. These proposed tariffs include an Ultra-Low Sulfur Diesel (ULSD) Recovery Fee as described below, applicable only for all diesel movements, in addition to the existing base rate, security surcharge and distillate surcharge on Plantation's Knoxville lateral.

This tariff establishes a means for Carrier to recover the costs necessary to comply with the regulations of the Environmental Protection Agency (EPA), contained in Title 40 CFR Part 80 Subpart 1. This surcharge is to recover costs necessary for carrier to facilitate the handling of diesel products in the ULSD environment.

The ULSD Recovery Fee will be in effect for ten years from the effective date of this filing. On an annual basis Carrier will assess the previous year's applicable actual volumes and costs and file an adjustment to the ULSD Recovery Fee as required.

Included with this tariff filing are the supporting documents for the ULSD Recovery Fee calculation. The calculation is based on the Trended Original Cost (TOC) methodology. As ordered by the FERC in *Magellan Pipeline Company, L.P.*, Docket Nos. IS06-254-000 and IS06-265-000, issued May 31, 2006 and in *Wood River Pipe Line, LLC*, Docket No. IS06-280-000 issued May 31, 2006, Carrier will separately account for all costs and revenues related to the ULSD Recover Fee. Carrier will footnote the amount of dollars attributed to the surcharge invested in Carrier Plant on page 212 in the Form No. 6 and any revenues and expenses attributable to the fee on Page 700 of the Form No. 6 in its annual filing to the Commission, as well as footnote any current and accrued amounts in its quarterly reports to the Commission.
