Plantation Pipe Line Company
November 29, 2007

Ms. Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Secretary Bose:

In accordance with the requirements of the Interstate Commerce Act (ICA) and the Rules and Regulations of the Federal Energy Regulatory Commission (F.E.R.C.), Plantation Pipe Line Company (Plantation) submits for filing four copies of the following tariffs:

- F.E.R.C. No. 135, Local, Proportional and Volume Incentive Tariff (Cancels F.E.R.C. No. 134)
- F.E.R.C. No. 136, Joint Tariff with Marathon Pipe Line LLC (Cancels F.E.R.C. No. 133)

Plantation is making this filing to advise FERC and Plantation's tariff subscribers that the first annual assessment of the ULSD Recovery Fee (as detailed in the Rules and Regulations Tariff, FERC No. 131 Item 295) has been completed. The new rate effective January 1, 2008 will be 6.39 cents per barrel applicable for all diesel movements, in addition to the existing base rates. The base rates in the above submitted tariffs are unchanged. Included with this tariff filing are the supporting documents for the ULSD Recovery Fee calculation.

As originally stated, Carrier will continue to separately account for all costs and revenues related to the ULSD Recovery Fee. Carrier will footnote the amount of dollars attributed to the surcharge invested in Carrier Plant on page 212 in the Form No. 6 and any revenues and expenses attributable to the fee on Page 700 of the Form No. 6 in its annual filing to the Commission, as well as footnote any current and accrued amounts in its quarterly reports to the Commission.

F.E.R.C. No 136 is a joint tariff with Marathon Pipe Line LLC. The ULSD Recovery Fee is for the benefit of Plantation only. The contact person at Marathon Pipe Line LLC is Debby Van Dine, Tariff Coordinator. Ms. Van Dine can be reached at (419) 421-4048 or at 539 South Main Street, Findlay, OH 45840.

Also for your information, F.E.R.C. No. 135 Item 50 has not been brought forward because the Collins Origin Volume Incentive Program expires December 31, 2007. As noted in the tariff, Item 50 is reserved for future use.
